

# JESUS EMMANUEL { FRONTEND DEVELOPER; }

## SUMMARY

I am currently a software development engineering student. 1 year of experience in frontend. My adventure begins two and a half years ago in college, I have done distance work, social service and professional practices in autonomous places of government La Paz B.C.S.(Mexico). I am a calm and confident person, curious by nature, I work to improve the life of my wife and son.

## WORK EXPERIENCE

### **executive secretary of the state anti-corruption system B.C.S. :**

software developer

a system was developed to provide information on the transparency of B.C.S. governors' expenditures.

July 2022 to November 2022  
(5 months)

- bootstrap, html and vanilla js were used to design the web application.
- a dashboard was made for the administrators of the site, using php and SQL for the backend.
- a dynamic application using UI templates

### **state anti-corruption system B.C.S. :**
